

Other Information

Every document **MUST** be accompanied by a cover page generated on our website. Cover pages are **NOT** included in the total page count.

Scanning: All recordings in our office are scanned. Please use black ink, black stamp pads, black typewriter ribbons and white or manila paper. Do not highlight over any text or signatures in document. All documents are scanned into a computer database, marginal notes do NOT apply in this county.

Unacceptable Documents: Only legible documents capable of being reproduced through scanning will be acceptable for recording. If a document submitted to us is unacceptable for recording for any reason, it will be returned to the sender with a letter of explanation and a fee of \$5.00 will be charged the first and any subsequent time it must be returned.

Transaction Packaging Tips: In an effort to insure proper recording of your documents, here are a few tips to adhere to when creating transactions with multiple documents.

1. If you send a document with a separate transaction number, it **MUST** have its own check. Please do not split checks across transactions.
2. If multiple documents that go together are submitted, they **MUST** have the same transaction number, each with their own **PRINTED** cover page and be submitted in the same envelope, not separately. You may submit one (1) check for all documents.
3. Each document submitted must have an **ORIGINAL COVER PAGE** created. **NO PHOTOCOPIES.**
4. We recommend the following order when creating cover pages:
 - Add all of the documents that you would like in your transaction.
 - Click on Submit Transaction once you have received confirmation.
 - Click on the Cover Page icon (blue) to print each of your cover pages and place them with the correct docs before you send docs to the County for recording.

NO STAPLE Policy: Please do not staple documents submitted for recording.
